

Please read these conditions carefully as they outline the Terms and Conditions applicable to the quotation provided and any contractual relationships deriving from the acceptance of the quotation; unless and to the extent prevailing specific and valid contractual arrangements are in force between Customer and Kuehne+Nagel covering one and the same Shipment as the contract agreed via the quotation, and provided further, the parties have agreed that any such separate agreement shall prevail.

CONCLUSION OF CONTRACT

Electronic Communication

1.1 Customer and Kuehne+Nagel communicate with each other electronically and acknowledge and agree that electronic communication (e.g. by Email, Internet and other electronic means) is a proper means for concluding contracts and agree not to contest the validity of contracts on the basis (1) that they were concluded by electronic communication, (2) that the original records are in electronic form, or (3) that no signature(s) evidence such contracts.

Offer and Acceptance

1.2 Pricing and booking information provided via the quotation does not constitute binding offers on the part of Kuehne+Nagel.

1.3 Quotes are the result of ad-hoc calculations based on the Services requested by the Customer in accordance with the Shipment information provided by the Customer. The pricing shown on a quote is related to the particular requested service package and is valid for the period stated during the quoting process. A quote provided by Kuehne+Nagel does not include confirmation of details such as but not limited to a particular traffic routing and the use of particular subcontractors and/or agents, nor does it make any representation regarding the availability of the Service at any particular point in time.

1.4 The Shipment information provided by the Customer during the quotation and booking process equally has no legally binding effect until the Customer places the booking which will complete the Customer's order and will constitute a legally binding offer.

1.5 In due course Kuehne+Nagel will send via email an acceptance or rejection of the offer. An acceptance of the offer will lead to a legally binding contract between the Customer and Kuehne+Nagel. In the absence of a written email acceptance, a legally binding contract still comes into existence if (a) Kuehne+Nagel commences the performance, and (b) an email acceptance by Kuehne+Nagel is not expected according to customary practice. Upon conclusion of a legally binding contract, any cancellation of the Services by Customer does not release from agreed duties and obligations.

1.6 The Offer is based on regular operation and normal market situation only. In case of any extraordinary event or circumstance beyond its reasonable control, including, but not limited to, disruptive events by natural causes, nuclear, chemical or biological contamination, acts of God, strikes, lockouts, riots, terrorism (or restrictions related thereto), piracy, acts and threats of war, the outbreak or continuation of an epidemic or pandemic, such as SARS-Cov-2, Kuehne+Nagel, in its sole discretion but acting reasonable, reserves the right to (wholly or partly): (a) suspend the Offer, and/or (b) withdraw from the Offer, and/or (c), after consultation with the customer, adjust the Offer to comply with then applicable market rates and circumstances.

1.7 In the event of war, armed conflict, geopolitical disruption or comparable extraordinary circumstances, Kuehne+Nagel, in its sole discretion, but acting reasonable, reserves the right to add to the charges (1) a Fuel Adder, and/or (2) a Rate Adder. Adjustments according to (1) or (2) above may occur on a weekly basis and will take effect from the date of publication by Kuehne+Nagel. By using Kuehne+Nagel Air Logistics Services, the customer accepts the application and adjustment of such surcharges.

1.8 Requests by the Customer for use of Sustainable Aviation Fuel (SAF) are subject to sufficient capacity of Sustainable Aviation Fuel being available to Kuehne+Nagel. As capacity of Sustainable Aviation Fuel may vary at short notice, no assurances of availability of Sustainable Aviation Fuel can be given. The partial or complete lack of availability of Sustainable Aviation Fuel does not entitle Customer to suspend or withdraw the allocation of a shipment to Kuehne+Nagel.

Contracting Parties

2.1 The contract is being concluded between Customer on the one part and Kuehne+Nagel on the other part. The relevant operating entity of Kuehne+Nagel performing the Services is the solely responsible entity towards the Customer. For the avoidance of doubt, the members of the Kuehne+Nagel Group cannot be held jointly and severally liable.

2.2 To the extent legally mandatory or permitted by relevant law, the recipient of the Shipment may also have certain rights relating to the transaction.

TRANSPORTATION AND HINDRANCES

3.1 Kuehne+Nagel shall carry out its Services with skill and care and in accordance with Customer's instructions as agreed. If Customer's instructions or required documentation are inaccurate, incomplete, or, in any way, not in accordance with the contract, Kuehne+Nagel may at Customer's risk and expense act as it reasonably deems fit and the Customer shall indemnify and hold Kuehne+Nagel harmless from any related claims, costs, liabilities and expenses.

3.2 If at any time Kuehne+Nagel's performance is or is likely to be affected by any hindrance or risk of any kind (including the conditions of the Shipment) not arising from any fault or neglect of Kuehne+Nagel and which cannot be avoided by the exercise of reasonable endeavours, Kuehne+Nagel shall be exempt from its obligations under the respective contract and, where reasonably possible, make the Shipment or any part of it available to Customer or any other person entitled to receive the Shipment at a place which Kuehne+Nagel may reasonably deem safe and convenient, whereupon delivery shall be deemed to have been made, and the responsibility of Kuehne+Nagel in respect of the Shipment shall cease. In any event, Kuehne+Nagel shall be entitled to the agreed remuneration under the contract and the Customer shall pay any additional costs resulting from the above-mentioned circumstances.

3.3 Quotes apply to stackable general cargo only and exclude dangerous goods, perishables, valuables, temperature-controlled, oversized, over-length, out-of-gauge cargo, or any other special cargo, unless explicitly mentioned in the offer and accepted by Kuehne+Nagel.

3.4 Quotes are based on lower deck cargo size and transportation restrictions only unless explicitly mentioned in the offer and accepted by Kuehne+Nagel.

3.5 Quotes include air freight charges which are based on actual or dimensional weight, whichever is greater. Dimensional weight is based on the industry-standard volume ratio 1:6, unless explicitly agreed between Customer and Kuehne+Nagel.

3.6 Quotes expire on the date indicated on the quotation. Without prejudice to clause 4 below or to any other rights Kuehne+Nagel may have according to law, Kuehne+Nagel reserves the right to make necessary corrections in the event of any change of the Shipment information provided.

3.7 Quotes include fuel and a security price unless the parties have expressly agreed otherwise in a separate agreement (in which case fuel and a security charge shall be added to an invoice once issued). Any fuel and security prices quoted or invoiced can differ from charges invoiced to Kuehne+Nagel by its carriers, subcontractors or agents for fuel and security.

3.8 Charges are calculated on chargeable weight and apply to Known Shippers/Consignees, as defined by relevant law or usage, only. Rates for Unknown Shippers/Consignees may differ.

3.9 Any fee or charge imposed by any government agency, carrier, or other third party above and beyond the enclosed will be passed on in full to Customer, including duties and taxes. This may also include, among others, customs related fees billed as a percentage of the CIF value and Ad Valorem charges, and any government imposed warehousing or storage fees.

3.10 Kuehne+Nagel's quotations do not include special charges, such as but not limited to, insurance premiums, inspection charges at origin and destination, duties and taxes, postage or courier fees, legalization expenses and heavy lift charges. Any such fees will be charged extra unless explicitly mentioned in the offer and accepted by Kuehne+Nagel.

3.11 Any customs clearance fee that is covered in the quotation includes three (3) HS codes. Any additional HS code will be charged as per valid tariffs.

3.12 Pick up or delivery charges are valid for non-bonded trucks only.

3.13 Any transit time shown in the quotation is indicative only and non-binding; it is derived from historical shipment data based on, inter alia, the respective trade lane and/or product parameter chosen and covering a standard course of transportation. The real transit time can differ. No additional period is factored in, e.g. for extraordinary events or due to circumstances beyond Kuehne+Nagel's control. This includes, without limitation, waiting times for customs inspections, or any other act or omission by authorities.

3.14 All cargo and transactions have to be within applicable legal limits, incl. but not limited to full compliance to any applicable trade control restrictions, sanctions, embargoes, etc., and required export, transit and import licenses and permits must be in place; and every transaction is subject to ultimate carrier approval.

3.15 Kuehne+Nagel shall be under no obligation to return any packaging material. If Kuehne+Nagel does return such material, all relevant local rules and regulations do apply and occurring fees and expenses are separately charged to the Customer.

General Terms and Conditions Kuehne+Nagel Air Logistics

3.16 Unknown Shippers/Consignees may be subject to additional security procedures and regulations. Where applicable, any charges agreed upon are based on Known Shipper/Consignee status. Additional charges caused by Unknown Shipper/Consignee status, e.g. for X-ray screenings and/or accessorial charges are not included and the Customer will be charged extra unless explicitly mentioned in the offer and accepted by Kuehne+Nagel. Kuehne+Nagel reserves the right to refuse any Shipment or Services due to an Unknown Shipper/Consignee status of the Customer and accepts no liability whatsoever in any such case.

LIABILITY

Basis of Liability

5.1 Kuehne+Nagel's liability is based on its general obligation to perform its Services in a professional manner and with reasonable skill and care.

General Terms and Conditions Kuehne+Nagel Air Logistics

No Liability for Third Parties

5.2 Kuehne+Nagel is not liable for acts and omissions by third parties, such as, but not limited to, carriers, warehousemen, stevedores, port authorities and other freight forwarders unless Kuehne+Nagel has failed to exercise due diligence in selecting, instructing or supervising such third parties.

Liability as Carrier

5.3 Notwithstanding the aforementioned, Kuehne+Nagel is subject to liability as principal not only when Kuehne+Nagel performs the carriage itself by its own means of transport (performing carrier), but also if, by issuing its own transport document or otherwise, Kuehne+Nagel has made an express or implied undertaking to assume carrier liability (contracting carrier).

5.4 However, Kuehne+Nagel shall not be deemed liable as a carrier if the Customer has received a transport document issued by a person other than Kuehne+Nagel and does not within a reasonable time maintain that Kuehne+Nagel is nevertheless liable as a carrier.

5.5 With respect to Services other than the carriage of Shipments such as, but not limited to, storage, handling, packing or distribution of Shipments, as well as ancillary services in connection therewith, Kuehne+Nagel shall be liable as principal (1) when such services have been performed by itself using its own facilities or employees, or (2) if it has made an express or implied undertaking to assume liability as principal.

5.6 Kuehne+Nagel as principal shall, subject to the limitations and exclusion of liability set out in these Terms and Conditions, be responsible for the acts and omissions of third parties it has engaged for the performance of the contract of carriage or other services in the same manner as if such acts and omissions were its own and his rights and duties shall be subject to the provisions of the law applicable to the mode of transport or service concerned, as well as the additional conditions expressly agreed or, failing express agreement, by the usual conditions for such mode of transport or services.

Any claim not made and notified as aforesaid shall be deemed to be waived and absolutely barred except where Customer can show that it was impossible to comply with this time limit and that Customer has made the claim as soon as it was reasonably possible for him to do so.

5.13 Kuehne+Nagel shall be discharged of all liability under the contract unless suit is brought within nine (9) months after the delivery of the Shipment, or the date when the shipment should have been delivered, or the date when failure to deliver the Shipment would give Customer or the person entitled to receive the Shipment the right to treat the Shipment as lost. With respect to other losses than a loss of or damage to the Shipment the nine (9) months period shall be counted from the point in time when the failure of Kuehne+Nagel giving a right to the claim occurred.

General Terms and Conditions Kuehne+Nagel Air Logistics

do not become part of the contract between Customer and Kuehne+Nagel for the provision of the Services, as this contract involves forwarding and/or carriage elements, not the sale of goods. Customer notifying Kuehne+Nagel of the agreed Incoterms®-clause merely gives Kuehne+Nagel an instruction related to the split (if any) of the Service charges between seller and buyer. Regardless of the Incoterms®-clause Customer is and remains responsible towards Kuehne+Nagel for all fees and will be held liable in the event any fees cannot be collected from third parties in accordance with the indicated Incoterms®-clause.

The customer will ensure and will be liable for ensuring, that its directors, employees, agents, advisers and subcontractors shall not disclose any confidential information.

10.2 The obligation of this clause shall survive for a period of three (3) years after the termination of the relevant contract.

SEVERABILITY

11.1 If any part of these Terms and Conditions, the Legal Notice and any other Kuehne+Nagel policies and conditions are deemed invalid, void or unenforceable for any reason, that part will be deemed severable and will not affect the validity and enforceability of the remaining parts.

MANDATORY LAW

12.1 These Terms and Conditions shall only take effect to the extent that they are not contrary to the mandatory provisions of international conventions (e.g. the Montreal Convention 1999) or mandatory national law applicable to freight forwarding services. Outside the scope of mandatory applicability of the above mentioned Kuehne+Nagel provides all services subject to the obligations and liabilities laid down in the respective standard trading conditions adopted in the relevant country.
